FILL OUT:

- Question 2a  
*Select "2 = Minimal contact"*
- Question 2a1
- Question 2b
- Question 2b5a (if applicable)

Subject will automatically be discontinued from the FTLD Module; no need to answer Questions 3 and 3a.

Subject will still be seen for annual in-person visits, but **will no longer receive FTLD Module**

**FTLD Module status\***

Subject previously received FTLD Module and will be discontinuing follow-up with the FTLD Module

- FILL OUT:
- Question 3
  - Question 3a

**\*FTLD MODULE STATUS**

The only time NACC needs notification of FTLD Module follow-up status is when a subject is **continuing with annual in-person UDS visits but is discontinuing FTLD Module follow-up**. In other cases (dropped with no further ADC contact, changing to telephone follow-up, or changing to minimal contact), NACC will automatically discontinue the subject from FTLD Module follow-up. In the case where the subject is rejoining the ADC after being dropped, there is no need to provide the subject's FTLD Module status on the Milestones Form.

**\*\*PERMANENTLY ENTERED NURSING HOME**

If the subject has moved to a nursing home but will continue to be followed by the Center, indicate in Question 2a how the subject will be followed (annual in-person visits, annual telephone follow-up, or minimal contact), and then in Question 2b, select "5 = Subject has permanently entered nursing home," along with any other reason for the change in data-collection status.
