Form Header elements

The first 10 data elements in the Milestones Form are:

PACKET	M (For Milestones)
FORMID	Form ID (i.e., M1)
FORMVER	3 (For this third version of all forms.)
ADCID	Center ID (Same number used in the MDS and NP data for your Center; see the UDS Data Element Dictionary for a list of Center IDs.)
PTID	Patient ID (Follow your Center's Patient ID scheme. Patient ID must be unique within the data set from your Center. For each subject, the PTID must be the same across all visits in the UDS. In addition, the same PTID used for that subject in the MDS and NP databases. PTID cannot change once it has been assigned by your Center. Since this is a character field, be sure to include/exclude leading zeroes to match ID numbers in all data sets.)
VISITMO VISITDAY VISITYR	Date form is completed; cannot precede the date of the initial visit.
VISITNUM	(Blank for Form M1)
INITIALS	Initials of the person completing the form.
