From the A-D-R-Cs

To the A-D-C-Cs

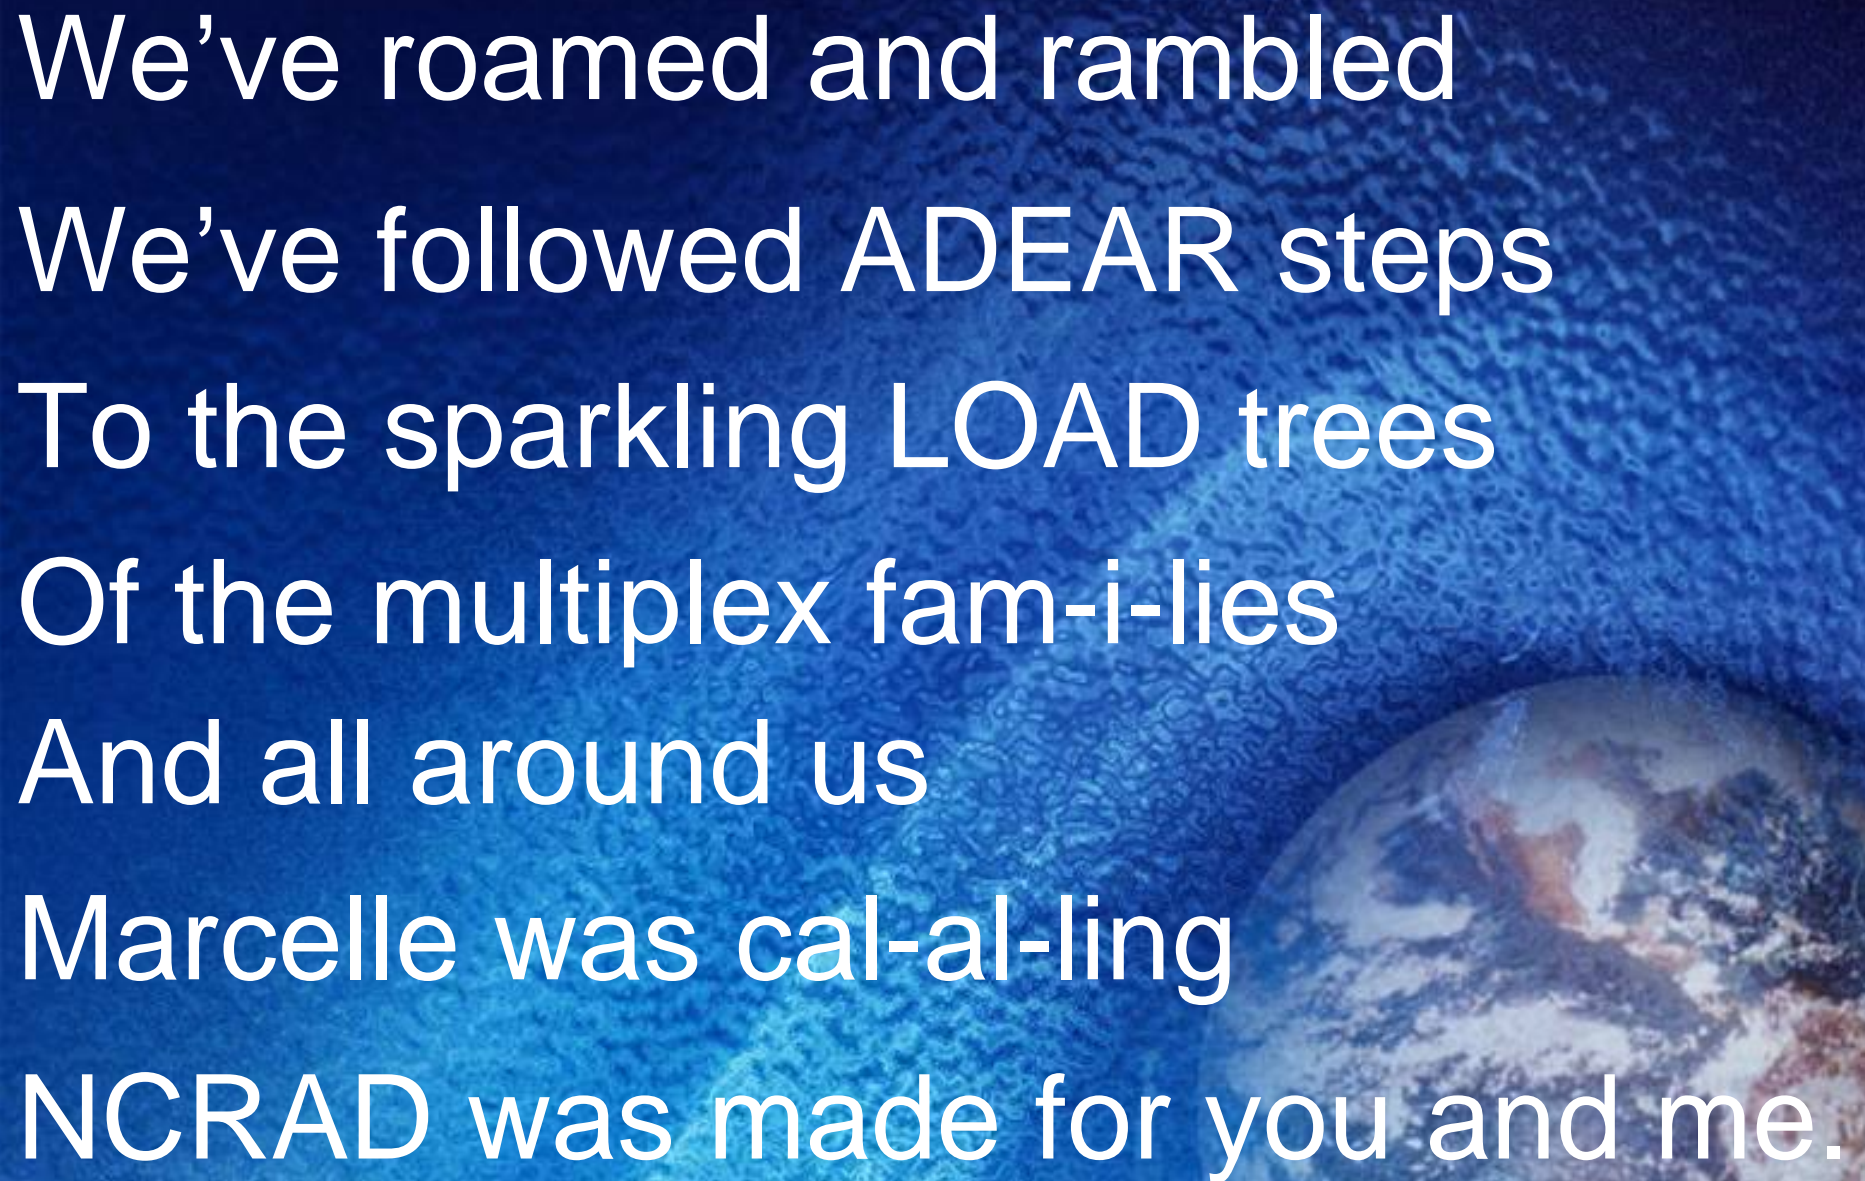

From the A-D-C-S

To the Toronto Harbour

NCRAD was made for you and me.

As we were stalking
That ribbon of first-degrees
We saw above us
That endless IRB
We saw below us
That golden repos-i-try
NCRAD was made for you and me.

We've roamed and rambled
We've followed ADEAR steps
To the sparkling LOAD trees
Of the multiplex fam-i-lies
And all around us
Marcelle was cal-al-ling
NCRAD was made for you and me.

To-ny speaks SHAR-IN'
As we're PRO-POSIN'
The Chapters WAVIN'
And fund clouds ROLLIN'
Recruitment RISIN'
A voice come chantin'
NCRAD was made for you and me.

As we're clab-ber-A-tin'
We saw a sign there
And that sign said
"No Trespassin'!"
But on the pharm side
It didn't say nothin'
Now pharm-side was made for you
and me.

In the labs of Brain Banks
In the shadow academics
Near Elis-beth's office
We see our cv's
And some are grumblin'
And some are wonderin'
If NCRAD's still made for you and
me.

A body livin'
Can ever stop me
As we go recruitin'
That AD highway
A body livin'
Can make a pay check
NCRAD was made for you and me.
