BEWARE OF OFFICE ATTACK CAT!

(Temporarily installed to reduce interruptions while occupant works on ADRC non-competing renewal)

"I know what you're thinking. Did he fire six shots or only five. Well to tell you the truth, in all this excitement, I kind have lost track myself. But bein' this is a 44 Magnum, the most powerful handgun in the world, and would blow your head clean off, you've got to ask yourself one question... do I feel lucky? Well, do ya, Punk?"

Working on grant. Knock if you feel lucky.

What ever it is you want, I can't think about it
right now. If I do, I'll go crazy. I'll think about it
tomorrow.
