

Alzheimer's Disease Genetics Consortium

**Perelman School of Medicine
University of Pennsylvania**

Alzheimer's Disease Genetics Consortium

Total IDs On GWAS List	Internal transfers	DNA received	blood/ buffy coat	Clinical AD	Clinical Controls	MCI	other non-AD
27,321	812	8,153	1,299	2,580	3,676	896	2,300

Alzheimer's Disease Genetics Consortium

Laura Cantwell – University of Pennsylvania

Bud Kukull – NACC

Tatiana Foroud – Indiana University

Alzheimer's Disease Genetics Consortium

Benefits:

- Participate in good science
- ADC investigators can propose/execute analysis of GWAS data
- Genotypes returned to ADCs
- Reimbursed of blood draws/DNA
- Co-authorship
