

UDS Update for

ADC Directors Meeting, April 7, 2011

- UDS 3 awaits new Neuropsych Battery (current Battery untenable due to license fees, restrictions)
- Work Group (S Weintraub, Chair) proposal
 - Cover current domains, retain some (non-licensed) measures
 - New (non-licensed) paper & pencil measures: ready for pilot
 - New computerized measures: determine by fall meeting
- LP survey – discuss at Clinical Core Meeting
- MCI – presumptive etiology in UDS 2; variable compliance at ADCs
