

**FLTD Module: Initial  
Experience  
as of March 1, 2013**

# ADC Site Participation

- Columbia 3
- Emory 1
- Indiana 14
- Mass 22
- Mayo 29
- UC San Diego 7
- UC San Fran (29)
- U Pittsburgh 5
- USC 2
- UTexas SW 2
- Wash U St Louis 1

# Age range & sex in FTLD module

<u>Age</u>	<u>N</u>
<45	10
45- <55	13
55- <65	28
65- <75	33
>75	12

Male 61%

# Diagnoses in FTLD module

# Where next?

- Once sufficient numbers of cases accumulated:
  - Validate neuropsych battery
  - Perform investigations

# Issues and Problems

- Time to complete
- Gaps in the battery
  - Excellent behavioral questionnaires but virtually no executive function testing
  - Sufficient experience in non-FTLD cases
  - Uncertain validity of aphasia battery
