Upcoming Changes to Public Access Policy Reporting Requirements

With this Notice (see link below), NIH informs grantees that in Spring, 2013, at the earliest, NIH will delay processing of non-competing continuation grant awards if publications arising from that award are not in compliance with the NIH public access policy. The award will not be processed until recipients have demonstrated compliance.

•In the My Bibliography window, click on Manage My Bibliography

•Click on Display Settings and use: View: Award, Sort by: Public Access Compliance, Grouping: By citation type

- •Each citation is marked with a visual clue that indicates the article compliance status:
- green = compliant, yellow = in process, red = not compliant
 - Note: a question mark indicates that compliance with the NIH Public Access Policy cannot be determined without additional information (e.g. it may not be linked to a grant)
- •Clicking on the red dot will activate a pop-up wizard that will assist you with starting a manuscript submission

•NIHMS is a temporary number that you receive as soon as the manuscript is submitted to PubMed Central

•PMCID is the permanent number

•There is a 3-month window for the temporary number; after that you need the PMCID number

Linking your citations to grants

- •Click Manage My Bibliography
- •Some awards may be automatically linked
- •You can delete awards if necessary
- •Check citation then click on Assign Awards
- •Or you can click on Add or delete award under the citation

Linking your citations to grants

•To add awards, click the check box next to the award and click Save

Deleting grants from your citations

•To delete awards, uncheck the box next to the award and click Save

- •If there is a golden lock beside the grant, you cannot delete it from the citation
 - •May have been linked by the grant owner
 - •May have been created in the NIH Manuscript Submission System
 - •Contact the help desk at eRA Commons or NIHMS for assistance

Adding to your table of available grants

•Click on Search/Add other awards

•Search by Grant # or name or PI's name
