Outreach, Recruitment and Engagement Core

• Provide important liaison and engagement between the ADRC and people with dementia, their caregivers, and both the professional and local lay community so that information may be communicated bi-directionally, particularly in diverse populations. Augment participant and community engagement.

• Explain the role of the core in the Center and as a community resource on AD and related dementias.

• Provide an assessment of the outreach, engagement, recruitment, and retention needs that are unique to the Center as well as to the geographical area in the vicinity of the ADRC, including identifying underserved groups and conducting a needs assessment in collaboration with those communities.

*3-year term for members; Chair’s term to be determined as needed*
ADRC Steering Committees

• NACC and NIA put together for each committee a list of
  – Duties
    • Including Chair and member responsibilities
    • “The Chair should work with NIA, NACC and the Committee to set and achieve **1-3 major goals** during their term.”
  – Terms of Office
  – Election Process
• Future planning will support better transitions for new members

- A. Gaps in disease recommendations and risk
- B. Clinical research capacities
- C. Maximize value of neuropathology expertise across ADCs
- D. Translational research
- E. Cross-ADC interactions/networking
- F. Interactions beyond the ADC network
- G. Infrastructural supports to enable prior recommendations
- H. Further development of training programs

National Strategy for Recruitment and Participation in Alzheimer’s & Related Dementias Research

GOAL:

• Engage broad segments of the public in Alzheimer’s and related dementias research
• Focus on underrepresented communities
• Assist studies in successfully and more quickly enrolling and retaining people in studies to better understand and eventually cure these disorders.

Alzheimer’s and Dementia Outreach, Recruitment, and Engagement Resources

www.nia.nih.gov/research/ADORE

A searchable collection of materials for clinical trials recruitment and retention

• Find flyers, toolkits, recruitment plans, and more from Alzheimer’s Disease Research Centers, NIH, and other agencies and organizations
• Submit your materials at www.nia.nih.gov/research/ADORE/contribute
• New section for disclosure protocols
• Questions or comments? Email NIAADRR@mail.nih.gov
Events and Happenings

• October – Webinar: 10/23/20
• October – Today’s meeting 10/1/20
• September – Webinar 9/3/20
• September – Updates from NIA and ADEAR 8/25/20
  – New and updated publications
  – Resources in Alzheimer’s & Dementia Outreach, Recruitment & Engagement repository
  – Project announcements
• April – Straight Facts about COVID19
Perspective on the “African American participation in Alzheimer disease research: Effective strategies” workshop, 2018
Latino ADC – Special Interest Group

Co-Leads: Yakeel T. Quiroz and Katya Rascovsky

Research Working Group:

• Accomplishments:
  • Website with information about ongoing research studies for Latinos
    • [http://mapp.mgh.harvard.edu/latino-adc/](http://mapp.mgh.harvard.edu/latino-adc/)
  • List of potential reviewers for papers/grants related to Latino issues
  • Exploring opportunities for cross-Center research collaborations to improve the representation of diverse Latinos into our studies.
  • Website will feature ongoing research with Latinos being conducted at the Centers, including our recent publications.

Assessment Working Group:

• Spanish translation and adaptation of UDS T-Cog, COVID and technology surveys. (formatted drafts in 1-2 weeks).
• Preliminary norms for Spanish UDS3 neuropsychological battery (ongoing)

Outreach, Caregiver and Central Repository Working Groups:

• Participated in listening / focus groups on recruitment and retention of Latino populations in ADRD Clinical research.
• Consulted on Spanish translation of NIA website and AD Fact Sheet.

Welcome information about new studies and new potential reviewers. Please email yquiroz@mgh.harvard.edu and katyaras@pennmedicine.upenn.edu
Brain Donation Social Media Toolkit

Share these materials to educate individuals about why people donate their brains for research, the process of brain donation, and how to make a donation plan. Visit www.nia.nih.gov/braindonationtoolkit.
