

Imaging Core Leaders Meeting

Inaugural meeting

May 1, 2020

Goals for
today

- Share the NIA vision and new resources for imaging cores
- Describe the Imaging Core steering committee
- Present the new SCAN infrastructure
- Present the survey results
- Proposed imaging protocols for PET and MRI
- Get your input!

Who is the Imaging Steering Committee?

Elected by the imaging core leaders/co-leaders of the ADCs

- Co-chairs (rotating):
 - Sterling Johnson (2020-2024)
 - Beth Mormino (2020-2024)
- Members
 - Charlie DeCarli (2020 – 2023)
 - John Detre (2020 – 2023)
 - Emily Rogalski (2020 – 2023)
 - Kejal Kantarci (2020 – 2022)
 - Konstantinos Arfanakis (2020 – 2022)

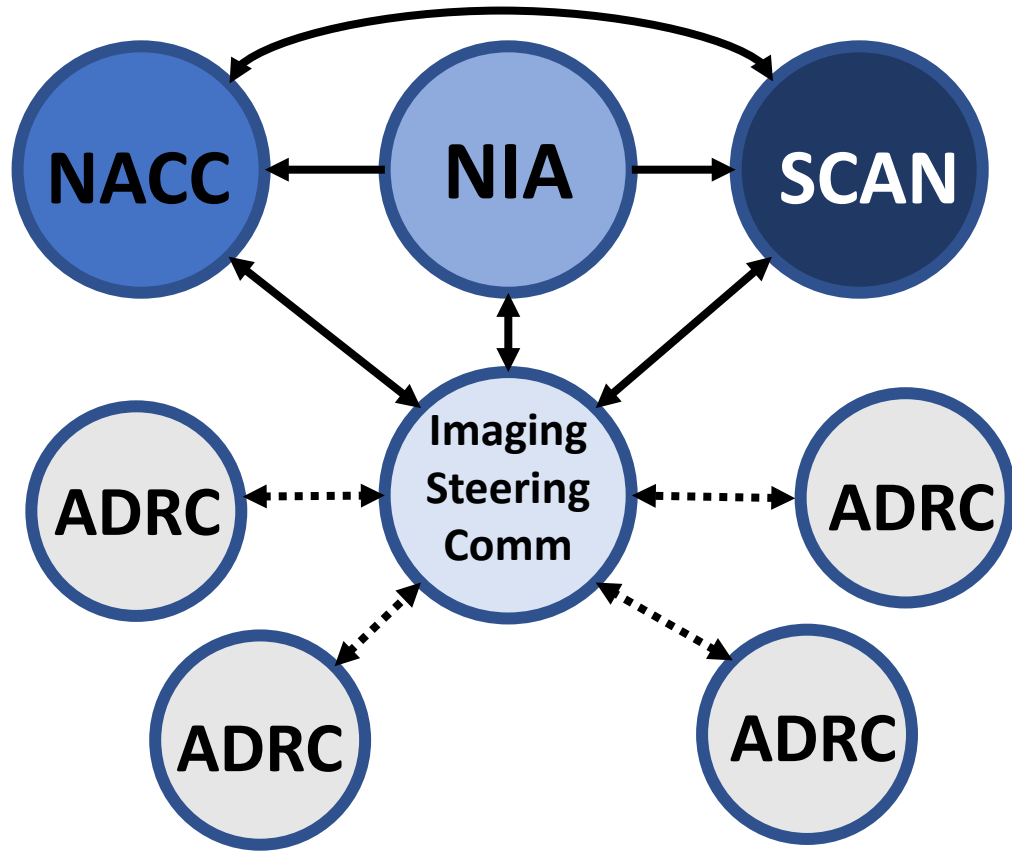

NIA Program Officials

- Cerise Elliott
- Nina Silverberg
- John Hsiao

Imaging Core Steering Committee Goals

Represent	Represent the needs of the ADRC Imaging cores (IC)
Recommend	Recommend scientific priorities for SCAN (imaging infrastructure)
Assist	Assist NIA in achieving applicable ADC recommendations
Facilitate	Facilitate synergist research across the ADRCs via harmonized imaging, while protecting local innovation
Plan	Plan the annual Imaging Meeting of the Spring ADRC Directors meeting

Relationships

- Implementing these changes and new resources will take coordination and communication
- We need your input on how to make the new infrastructure work for your center
- Thank you to NIA for making this happen!

Information

Keep in touch during these changes! Let each other know what is working and what challenges you have
