What area(s) do you have questions or concerns about with regards to UDSv4?

October 2023 Survey

NACC Survey Results

What area(s) do you have questions or concerns about with regards to UDSv4?

Will the transition to REDCap allow for direct, real-time entry via EDC? How will source records be generated for compliance and QA?

We do not use REDCap to support our database and are very concerned about how the UDSv4 can be implemented.

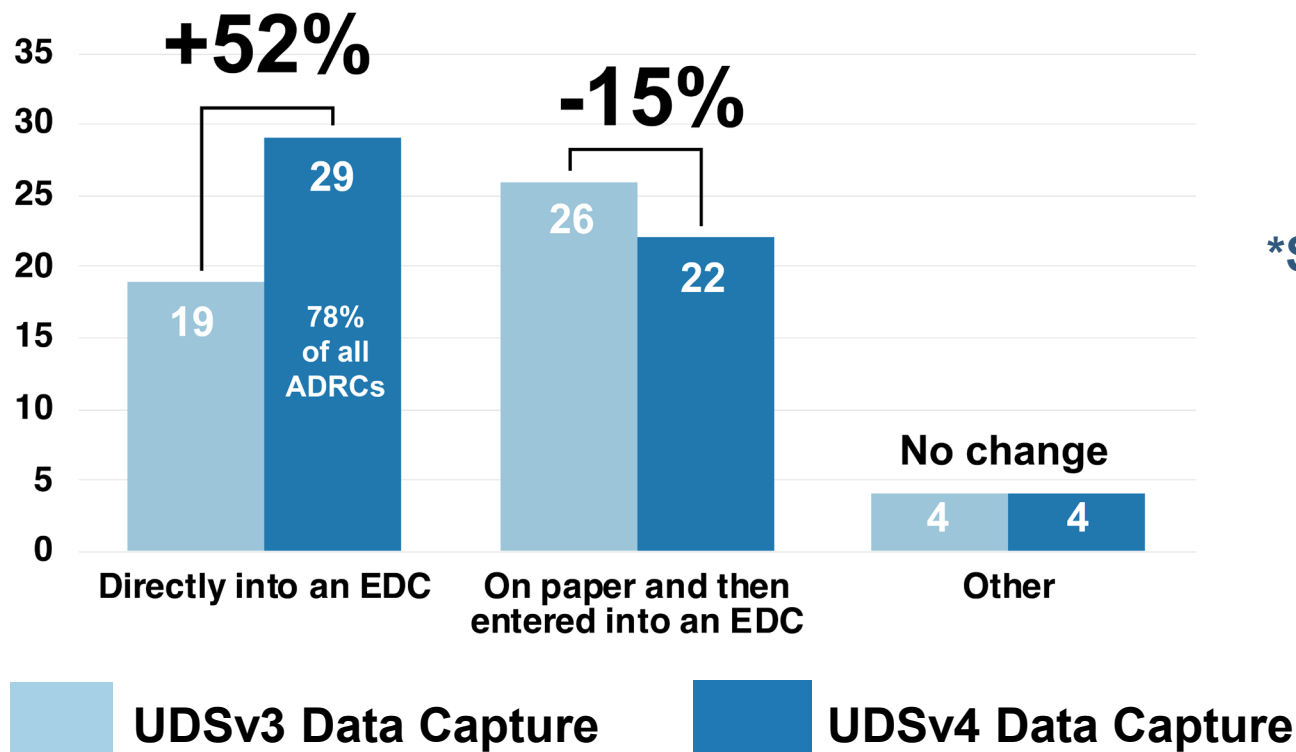

Our center would like more details about changes from UDS3 that relate to coordinator/clinician staff including time commitment, anticipated start dates and training needed.

What is the expected timeline of the rollout? Will all of UDS4 be released at one time? What are the differences in the workflow for sites that use REDCap data capture vs. those that do not? What is the timeline for Spanish translation of forms?

Electronic Data Capture System for UDSv4

Deploy forms via iPads in waiting rooms or via any device from anywhere

We still have PDFs!

- NACC will continue to accept PDF forms
- It will be possible to do batch CSV upload into REDCap
