

# Support for ADRCs: Overview and Clinical Resources

**Cindy Carlsson, MD, MS**

---

**NACC Session, October 20, Fall 2023 ADRC Meeting**

# Preparing our ADRC Teams and Participants for UDSv4

---

- Thank you for all your input throughout this process!
- New data collection is designed to better categorize clinical syndromes, biologic contributions, and previously poorly characterized risk factors (like SDOH)
- UDSv4 form completion is just the beginning of the implementation process

# CTF UDSv4 Status of Form Content

95% of content is complete

## Approved by CTF

- Form A1
- **Form A1a: SDOH**
- Form A2
- Form A3
- Form A4
- **Form4a: ADRD-Specific Drugs**
- Form A5/D2
- Form B1
- **Form B3: UPDRS**
- \* Form B4
- \* Form B5
- \* Form B6
- \* Form B7
- Form B8
- Form B9
- C2T
- D1a

*New forms*

*\*No changes from UDSv3*

## Final Revisions by CTF

- Form D1b
- Form C2
- Form Z1X

# ADRC Clinical Resources

## UDSv4 Checklist: Roadmap for getting UDSv4 ready

- Review UDSv4 forms on NACC website
- Center-based team discussions on form content and workflow
- Work through case examples in consensus conferences
- Participate in CTF webinars and open hours

## Standard Tools

- Updated Researcher's Data Element Dictionary
- Updated Coded Guidebooks

# ADRC Clinical Resources

## CTF Open Hours

- Monthly virtual meetings hosted by CTF members to answer questions and review case-study examples
- May include interactive consensus conference format
- Session to bring all UDSv4 Clinical Core team questions

## Clinical Training Webinars

- Best practices for conducting a UDSv4 visit
- CTF case study recordings – video library
- Clinical Core Steering Committee to lead two webinars based on survey input

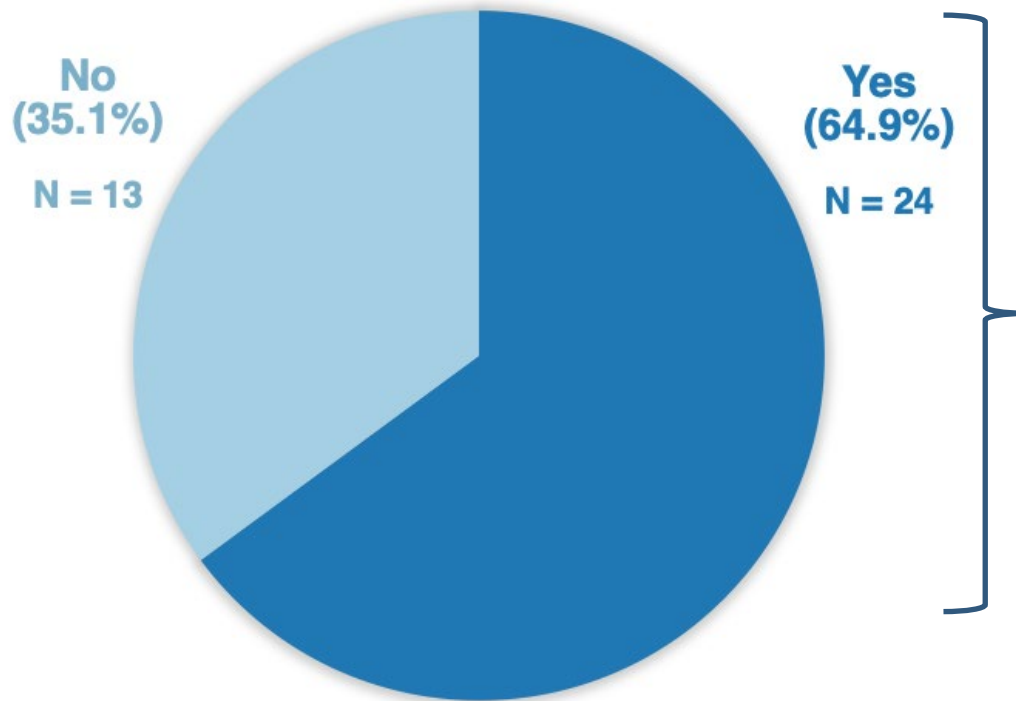

# Survey Results on Topics of Greatest Interest

---

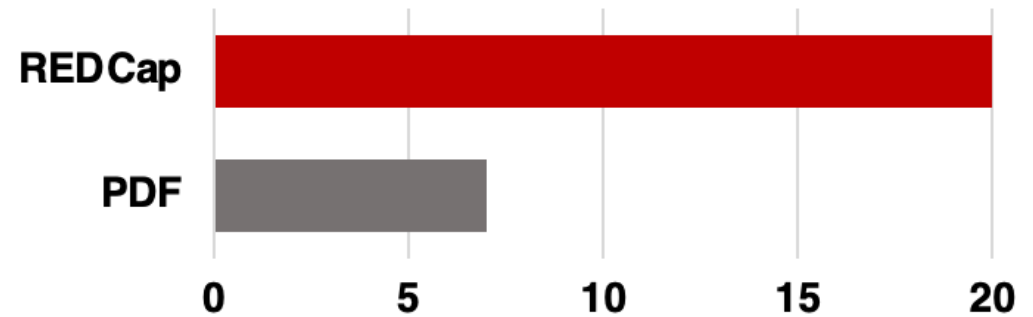

1. Implementing disclosure processes within ADRCs
2. Diagnosing mild behavioral impairment (MBI)
3. Diagnosing mild cognitive impairment (MCI) vs "Cognitive impaired, not MCI"
4. Reducing participant and staff burden in UDS data collection through technology
5. Operationalizing new NIA-AA clinical research criteria

# NACC Survey Results

**Are you interested in participating in a Pilot of the UDSv4 forms?**

**Please indicate which type of pilot you would be open to participating in?**

October 2023 Survey

# Thank you!

# Connect with Dr. Carlsson
